## SPECIAL TOYS EDUCATIONAL POSTAL SERVICE

Steps Charity has been helping to make children's lives more fun, nationwide, for over 20 years. Our aim is to enrich their lives with our 3,000 toys and...

*"Make every day a play-day".*

Mainstream toys are adapted so that, by using an external switch, children can play with the toys by switching, blowing, or using whatever movement they have.

As part of essential fundraising for the service we have recently launched a membership scheme for parents and organisations who wish to loan toys and a personal toy adaptation service.

To join the Toy Library or for an Adapt A Toy quote:
